1. How to Inward a letter

To register an Inward communication received from an External Entity and forward it to concerned department of RO for further action.

- **Step 1:** Select Digidak module
- **Step 2:** Choose “**Inward Entry**” submodule.
- **Step 3:** Fill the required details.
- **Step 4:** Click on the “**Generate Inward Number**” to generate unique Digidak ID.
- **Step 5:** After generation of Digidak UID upload the document by clicking on “**Add**”.
- **Step 6:** Click on “**Inward**” button to inward the correspondence.

The screenshot shows the 'Add New Inward' form in the NABARD Digidak system. The interface includes a left sidebar with navigation options: Dashboard, Digidak, Inward Entry, Outward Entry, Draft Entry, Inbox, Outbox, Personal Letterbox, and Old Cases. The main form area is titled 'Add New Inward' and contains several input fields and buttons. Red boxes and arrows indicate the following steps:

- Step 1:** Select 'Digidak' in the sidebar.
- Step 2:** Select 'Inward Entry' in the sidebar.
- Step 3:** Fill in the form fields: Type (External), Task Category (Information), Address of Sender (abc road), State of Sender (Tamilnadu), Received From (External-Individual), Priority (Normal), Secrecy (Regular), Language (Bilingual), Inward Reference Number (Ind123456), Subject of Letter (Text), Mode of Receipt (Others), and Date (11/02/2026).
- Step 4:** Click the 'Generate Inward Number' button.
- Step 5:** Click the 'Add' button to upload a document.
- Step 6:** Click the 'Inward' button.

Below the form, there is a table showing the uploaded document:

File Name	Document Type	Actions	Digidak UID	Sender	Recipient	Dept/RQ/TE	Status
Text.docx	Main Letter	[Icons]	2370/2025-26	External-Individual	GradeCOffer1	Tamilnadu	Saved

Note: After inward entry of correspondence, you will be automatically redirected to inbox page.

2. How to Outward a letter

- **Step 1:** Select Digidak module.
- **Step 2:** Choose Outward submodule
- **Step 3:** Fill the required details/metadata.
- **Step 4:** Click on the “**Generate Outward Number**” to generate unique Digidak ID.
- **Step 5:** After generation of Digidak UID, upload the document by clicking on “**Add**”, or provide remarks under “**Quick Correspondence**”.
- **Step 6:** Click on “**Send**” button to send the correspondence to the desired RO department.

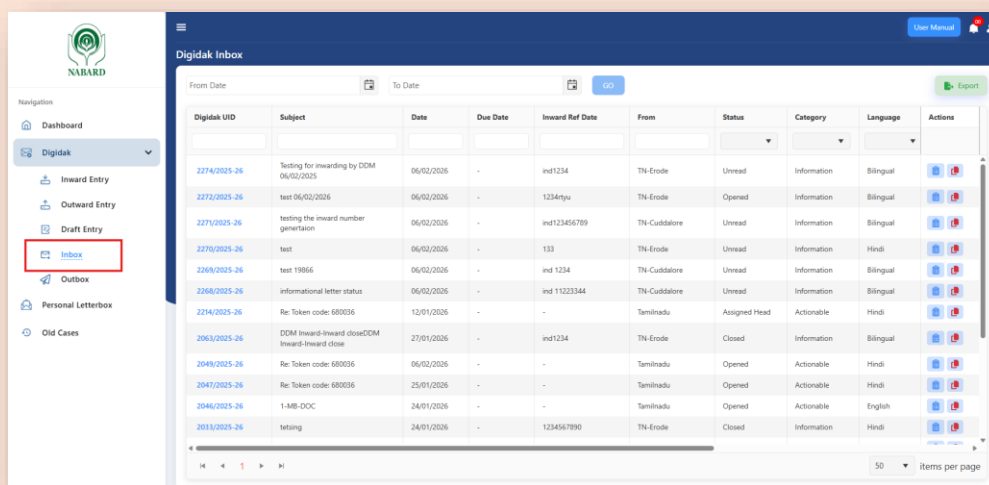

The screenshot shows the 'Add New Outward' form in the NABARD Digidak system. The interface includes a left navigation pane with 'Digidak' selected (Step 1), 'Outward Entry' highlighted (Step 2), and 'Inbox' visible. The main form area contains several sections: a top section for metadata (Type, Task Category, Nature of Correspondence, Mode of Dispatch, Subject of Letter, Priority, Language, Due Date, File Number, Response To DigiDak ID, To Department) (Step 3); a middle section for document upload (Upload File, Quick Correspondence, Upload a document, Add) (Step 5); and a bottom table of generated correspondence (Step 4). The table has columns: File Name, Document Type, Action, Digidak UID, Sender, Letter Number, Dept./RO/TE, and Status. A 'Generate Outward Number' button (Step 4) and a 'Send' button (Step 6) are also visible.

File Name	Document Type	Action	Digidak UID	Sender	Letter Number	Dept./RO/TE	Status
test2.docx	Main Letter	[Icon]	2422/2025-26	Ashok Kumar T	NB/TN/RO/TN-Erode-DPSP/2422/2025-26	Tamilnadu	Saved

Note: After pressing send button, you will be automatically redirected to “**Outbox**” page.

3. How to see the letters that DDM has received or inward.

- Go to Inbox Page. The Inbox page contains all the correspondences assigned to the DDM be it the correspondence that the DDM has inward or those correspondences which are marked to DDM by RO departments.

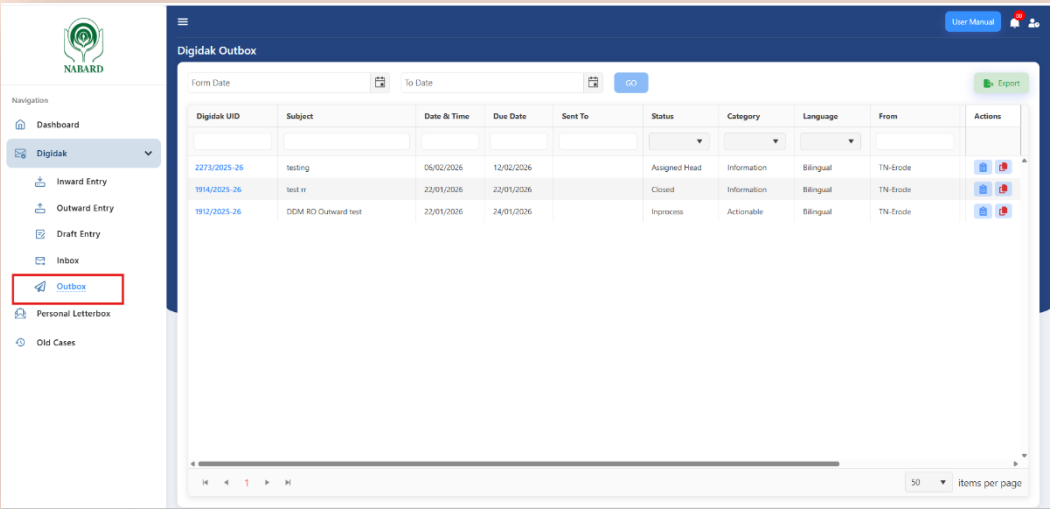

The screenshot displays the NABARD Digidak Inbox interface. The left sidebar contains a navigation menu with options: Dashboard, Digidak (selected), Inward Entry, Outward Entry, Draft Entry, Inbox (highlighted with a red box), Outbox, Personal Letterbox, and Old Cases. The main content area is titled 'Digidak Inbox' and features a table of correspondence entries. The table has columns for Digidak UID, Subject, Date, Due Date, Inward Ref Date, From, Status, Category, Language, and Actions. The data is filtered by 'From Date' and 'To Date' with a 'GO' button. An 'Export' button is located in the top right corner of the table area.

At the bottom right of the table, there is a pagination control showing '50 items per page'.

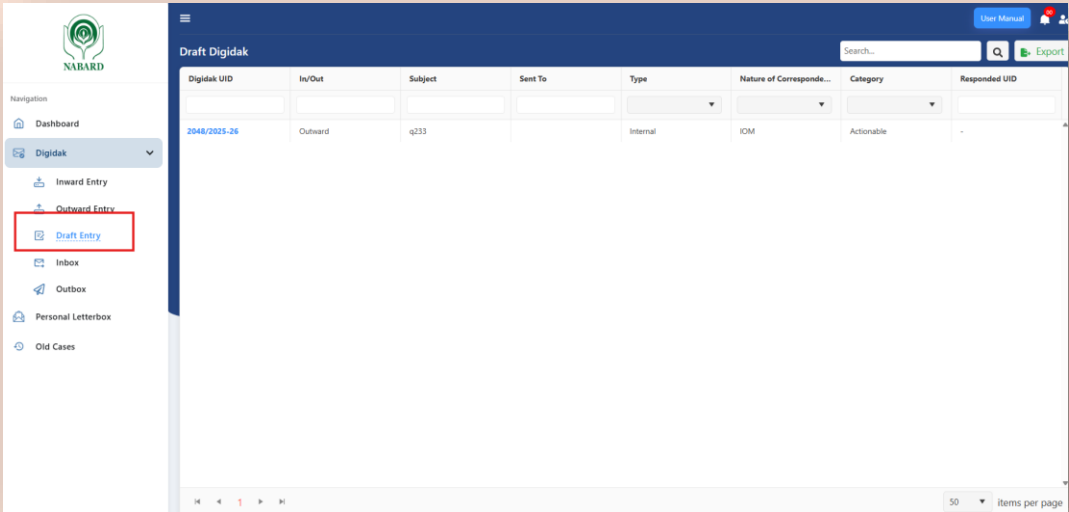

4. How to see the Letters that DDM has sent

- Go to Outbox Page. The Outbox page contains all the correspondences being sent by the DDM to external entities as well as to internal correspondences being sent to RO departments.

5. How to see the letters that are in Drafting Phase.

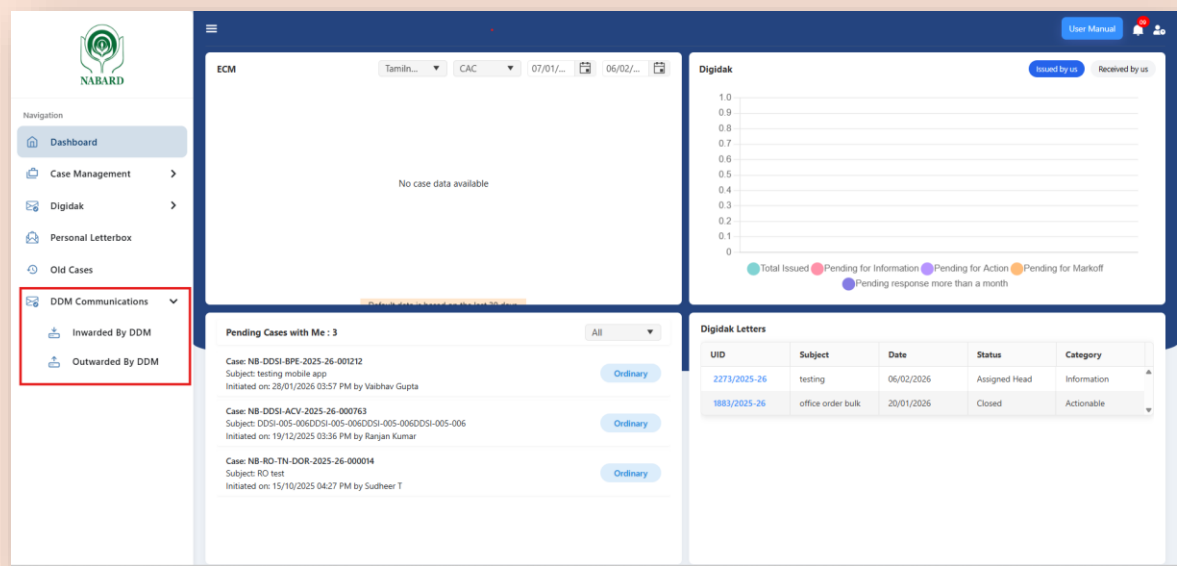

- Go to Draft Entry Page. The Draft page contains all the correspondence whether inward or outward, of which unique Digidak ID is generated but has not been inwarded or outwarded .

6. How Regional offices can view the correspondences of DDMs

Correspondence that are inward or outwarded by DDMs under the jurisdiction of particular RO will be visible under the module of DDM communication to:-

- a. RO CGM
- b. RO CGM Sect
- c. RO CPD users

7. How Head Office (CPD users)can view the correspondences of DDMs

Correspondence that are inwarded and outwarded by all the DDMs of NABARD will be visible under the module of DDM communication to **CPD , HO department users.**
